ASMSU Revision Committee Favors Modified CB Plan

Most of the 16 students who attended the Constitutional Revision committee meeting yesterday afternoon seemed to favor the plan for minor modifications in the present ASMSU governmental setup.

MSU's student body will vote on the four tentative government plans in an advisory referendum at Monday's general elections. Plans which will be on the ballot will be the present ASMSU plan, the ASMSU plan with modifications, the Senate plan, and the School-Department representation plan.

The committee will concentrate its work on the plan or plans receiving the greatest number of votes.

Most of the committee members felt that the Senate and School-Representation plans would be too unwieldy to be practical. They also pointed out that neither would be really representative, since the Senate plan would be hard to apply to the off-campus independents and the School Representation plan would run into a snag with the liberal arts vote, and with the larger professional schools.

The committee went on record favoring the abolishment of class officers, the consensus being that class Central board delegates could unduly interfere with the officers' duties. It was suggested that a class chairman or representative be elected to sit on Central board as well as handle any class activities, in addition to the regular class delegate.

Also bandied about was a proposal that several delegates-at-large be elected to supplement the class representation.

The group agreed unanimously that the ASMSU committee setup should be reorganized to prevent overlapping, with Central board members as committee chairmen.

Another change recommended was that all delegates be elected for one-year terms. Under the present system, each year both a sophomore and junior delegate are elected for two years. The result is that there are always two junior and senior delegates on the board, with one representative each for the sophomore and freshmen classes.

The group seemed to feel that delegates who showed an interest in Central board activities would stand a good chance of being re-elected after their terms.

Also emphasized was that Central board should enforce the existing provisions for removing delegates who consistently miss meetings, and that the attendance of members be publicized.

THE NIGHT WIRE

BY UNITED PRESS

Tokyo—Hundreds of thousands of Communist-led May Day demonstrators here mobbed Americans sight, battered and stoned some them and burned their autos. Japanese police broke up the riots, arresting 158 persons. But before the May Day celebrations had died, at least 540 persons had been injured.

Washington—President Truman appealed to striking CIO steelworkers as "loyal Americans" to turn to their jobs. In a telegram CIO president Philip Murray, Mr. Truman said steel must be

restored to production for defense. Murray says he hasn't received the telegram and would have no comment tonight.

Korea—The Communist negotiators finally have announced that they're ready to talk business on the latest UN proposal in the truce talks. That means the Korean war could end now, or it could drag out indefinitely.

Brazil—No word has come yet from the dense jungles near Belem, Brazil, where the wreckage of a Pan American Airways airliner has been found.

Final Voting Is Monday

The final ASMSU election will be Monday, according to spring elections chairman, Bill Jones, Miles City. The Bitterroot room will be the only precinct open during the day. Voting hours, as prescribed by Central Board Wednesday, will be 10 a.m. through 4:20 p.m.

Spurs and Bear Paws will officiate at the polls. Any freshmen wishing to earn Spur or Bear Paw points by counting votes should report to the Bitterroot room at 4:20 p.m., according to Jones. The elections chairman also said that he wished to thank publicly the 40 vote-counters who answered the call on Aber day.

All Central Board offices (with the exception of two delegates who hold tenure of office) and all class offices will be at stake at the Monday final. Four of eight candidates for Store Board will be elected. A straw ballot concerning student government revision will also be granted each voter.

All voters must present their activity card at the polls.

Bus Ad Honorary Installed, Awards Given at Banquet

Beta Gamma Sigma was added to the list of MSU honorary fraternities and the outstanding Montana business or professional man and woman of the year were named last night at an installation banquet at the Florence hotel.

Glayde W. Yoder, Sidney automobile dealer, and Dorothy M. Johnson, news editor of the Whitefish Pilot, were honored as Montana's business man and woman of the past year.

AWS Board Okays Changes In Constitution

Changes and amendments to the AWS constitution proposed by a committee headed by Jary Nelson, Conrad, were accepted by the executive board at a regular AWS meeting Wednesday.

Among the changes and amendments were: (1) the old executive board will serve in an advisory capacity to the newly-elected board for the first two meetings each spring quarter; (2) the vice-president will fill the president's post if it is vacated; (3) if the offices of vice-president, secretary, or treasurer are vacated, they will be filled by a special election; (4) the job of publicity manager for AWS will be handled by the treasurer of the organization.

The board recommended that living groups be reminded that their representatives should be of sophomore standing, excepting North hall. The board plans to enforce the rule that organizations and living groups must pay 25 cent fines when their representatives or substitutes fail to attend AWS meetings.

Plans were completed for the executive board picnic May 7 at Montana Power park. President Mollie Iler, Missoula, appointed Marjane Bridenstine, Missoula; Janet McKenzie, Great Falls; and Jary Nelson, Conrad, to plan the food.

Your Aber Day In Pictures

The Campus Editor Says—

BY ALLAN ROSE

all but one of the events of the day has been discussed in Kaimin this week. This one was unscheduled. It was the naming of the "M" on Mount Sentinel early Tuesday morning.

The ragged gap blown in the right leg of the "M" looked familiar to us. It reminded us of the fall of 1949 when someone blasted a hole in the MSC "M" Bozeman.

The Exponent, the Cow College weekly, howled loudly and bitterly a week or two after the blast. Unknown persons who set off dynamite remained unknown, the Exponent had a few

hunches. Students from nearly every unit of the University system were suspected at one time or another, but the main suspicion fell on MSU.

Perhaps the fact that the blast occurred on the morning before the Grizzly-Bobcat football game accounts for this suspicion.

As we said, the persons who set off the blast were never found. But MSC naturally suspected their oldest rivals. Could the Tuesday morning blast have been a delayed effort of retaliation?

Perhaps some of the MSC students have long memories. Ours is not so good, but we do seem to remember that the hole in the Bozeman "M" was high on the right leg, in almost the exact position as the present gap in the "M" on Mount Sentinel.

This might be coincidence, but we doubt it.

Letters to Editor . . Holzweissig Feels High Court Trash

Dear Editor:

This being my first year at MSU, I had greatly anticipated Aber day. I was greatly impressed by all the students pitching in and helping to clean up the campus, and then relaxing with the many activities in the afternoon, and the wonderful barbecue under Mr. De-Jarnette's supervision.

One of the activities that I was told would be very interesting to see, would be the mock trial of some of the known figures on the campus. This trial had me completely bewildered.

It's bad enough when a joke or two is just below the line, but when the whole program or trial is that way, I begin to wonder. These jokes or puns were not funny. They were far below the line, and very disgusting. It was just plain, dirty, filthy, gutter type trash that one might encounter of a ill-bred, ill-mannered person, but certainly not from a group of university students, and especially at a campus function.

I wonder if the person or persons who wrote the manuscript for the trial thought they were being funny or clever? It seems to me that this trial could have been carried out on a higher plane, and still include plenty of humor and the rivalry between the lawyers and foresters.

Art Holzweissig.

Movie on 'Charge Of Light Brigade' To Be Shown

"The Charge of the Light Brigade" will be shown by the University Film Society at 7 and 9 Sunday evening.

The movie describes the suicidal advance of 673 British cavalrymen into Russian cannon fire during the Crimean war, which inspired Tennyson's famous ballad. Caused by a mistake in orders, the only significance of the charge was to make a minor British defeat be remembered as a spectacular victory.

The sole purpose of the British 27th Lancers was to avenge the slaughter of an outpost in Northern India by Surat Khan. Their chance comes at the siege of Sebastopol where Surat Khan, then allied with the Russians, is holding the heights opposite the Lancers. When Headquarters gave the order to retreat, the captain rewrote them as a command to advance, and the brigade moved forward into enemy fire.

The "Charge of the Light Brigade" explains the confusion and the romance of the Crimean war.

Here are men that are making the trip to Logan and their events: Mile—Bill Rife and Bob Ghiglieri. 440-yard dash—Don Enebo, Bill McMaster, and Bob Haslip. 100-yard dash—Billy Gue and possibly Joe Luckman. High hurdles—John Badgley,

and Jack Coppedge.

880-yard run—Mike Fleming and Marv Reynolds.

220-yard dash—Billy Gue and Bob Haslip.

Two-mile run—Bob Ghiglieri and Bill Rife.

Low hurdles—John Badgley.

Relay team—Reynolds, Enebo, McMasters, and Haslip.

Pole vault—George Tarrant, Doug Delaney, and Don Crosser.

High jump—Jack Coppedge and Bill Reynolds.

Broad jump—John Badgley, Bob Hudson, and Rich Johnson.

Javelin—Jack Rothwell and Ed Stocking.

Shot Put—Jack Luckman and Bob Beach.

Discus—Hal Maus, Bob Ripke, Jack Luckman and Bob Beach.

Reporter Takes Bull By Horns; Makes WAA Softball Predictions

BY REBA TURNQUIST

For baseball reporters everywhere, spring is a time of prediction and crystal ball gazing. As a backer of the Red Sox and Brooklyn last year, I should know better, but since the WAA softball tournament starts with the Alpha Chi Alpha Phi match at 4 today, I'll do

a little limb climbing and come up with predictions of winners and runners-up.

Kappa Kappa Gamma, after an undefeated season, is the popular favorite, and if Donna Bar can pitch each game as she did her one appearance this season, they will probably take the trophy. The Kappa's have good fielding, and have pounded every opponents pitching, but it's my guess that the Kappa's may place second, for teams unbeaten during the season seem jinxed in WAA tournament play.

In the Kappa's bracket are New hall, Kappa Alpha Theta, Alpha Phi, and Alpha Chi. Alpha Chi and the Theta's should enter the consolation round. If pitcher Billie McFarland keeps improving, the Theta's may play for fourth, but they should be playing for the consolation championship while New hall places fourth. Alpha Phi, handicapped by the loss of Nona Paul and pitcher Max Hightower's class conflicts, should finish about 6th or 7th.

In the second bracket, almost any team could advance to the final round. Sigma Kappa, defending champions, are undefeated, but will be lucky to play for the trophy. If pitcher Jo Arnold's eye injury heals, and she gets back in last year's form, the SK's will be among the top three teams. Synadelphic, Tri Delt, and both North hall teams will be hard to stop. The Synadelphic team appears to be the biggest threat. With such hitters as Delores Fecht, who knocked three home runs in a five-inning game, they are trophy contenders. They should finish at least third, if they're not in the finals.

If North hall No. 1 gets past Synadelphic, they could go all the way. Pitcher Gayle McDonald is outstanding for North. They are my pick for 5th place.

The Tri Delt-North No. 2 game should be a toss-up with Tri Delt having the edge in experience. The loser of this game should play for the consolation title, and the winner finish about 6th. Either team could finish higher.

Grizzlies-Cougars Battle In Doubleheader Today

BY JACK ZYGMOND

Prospects were bright today that it may be a reshuffled Grizzly lineup that will face the challenging Brigham Young Cougars in the important series scheduled to get underway at 2 p.m. The second contest is slated for 8 tonight.

The report was that third baseman Carl Rhonke may have injured his throwing arm seriously enough to warrant his departure from the Grizzly lineup. It cast a gloomy outlook on the Montana baseball picture.

Last night under the arcs in the club's final practice before their

meeting with BYU, coaches Chinske and Plew alternated Sammy Davis, Don Nichol and Jim Martin at the third base post, with Davis reserve second sacker looking especially sharp.

At second base, Hal Snippen, steady Grizzly second baseman and young Jim Duford, alternated and either may start at that position in today's contests. Duford has shown noticeable improvement but season long has lacked sufficient confidence.

In another change, Gene Carlson will replace versatile Jim Martin in left field in the opener. Carlson is currently leading the Grizzlies in hitting with a .412 average.

The Cougars may present a batting lineup loaded with left handers. At Provo, the Cougars started five portside hitters. So Grizzly coaches, playing every percentage nominated fireballing lefthander Roger Marshall to pitch this afternoon at 2. In relief Clint Scott another left hander and righthander Clare "Red" Johnston are ready to go.

For the Grizzlies, the chances were good that BYU may use their top chucker, Lish, who beat Utah last week 4-1. He wasn't used against Montana as the Cougars saved him for the game against Utah. He's big, over 200 pounds, and is reportedly very fast.

In the nightcap for Montana, it will definitely be Gene Carlson.

LEFTY—Roger Marshall, the little fire-balling left-hander, will pitch the opening game for the Grizzlies in the doubleheader with BYU this afternoon.

Tennis, Golf Teams Meet BYU Today

Dick Fletcher will play the number one spot in tennis today when the Grizzly netmen tangle with Brigham Young university. Tomorrow they meet Gonzaga university for the first time.

In the number two position is Pete Densmore followed by Bob Nogler, Bob Sparks, Dick Solberg, and Stuart Gallagher. The doubles teams will be Fletcher-Pete Densmore, Nogler-Sparks, Solberg-Park Densmore. The line up will be the same against Gonzaga tomorrow.

Don Welch, national junior runner-up last year in golf, will team with Bob Williams to take on the top two BYU golfers today. Dick Hubbard and Lee Williams will play three and four.

Although beaten 10-8 in Provo two weeks ago, the Grizzlies have an excellent chance to beat Brigham Young on their own course today. Coach Don Barnett says that his team has an excellent chance for the Skyline championship and will be trying for it all the way.

Gonzaga university will come to Missoula a week from tomorrow to tangle with the golfers. The Grizzlies will go to Spokane the 16th and 17th. The last time that the Grizzlies played Gonzaga in golf was two years ago, winning both matches by a large margin. This year, however, Gonzaga is reputed to have a very good team.

BADMINTON GAMES SHOULD BE FINISHED WITHIN WEEK

All players having tournament badminton games to play off should finish them within a week, Manager Carol Crouch said yesterday. The tournament schedule is posted in the Women's gym. The matches should be played and the scores marked on the sheet as soon as possible.

SOFTBALL UMPS NEEDED

More softball umpires are still needed, George Cross, intramural director, said yesterday. He said that umpires receive \$1.60 for each game that they call.

SAE, SN, South Win in Softball

The SAEs defeated Jumbo 15-5, the Sigma Nus shut-out Phi Sigs, 16-0, and South beat the ATOs, 16-7, in soft games yesterday. The Jumbo defeat was their second straight this season, and their fourth the team was organized.
